MOTION REQUESTING TO BE IMPRISONED IN AN ASSISTED SUICIDE STATE

As I have not been granted new counsel yet of Oct 23, 2025 and thus still pro se I would like to plan forwards for sentencing and request kindly to be placed in a state that has assisted suicide since I am a constant failure. I have yet been unable to obtain a list, but I hope someone can provide it. While I still hold out hope that someone out there might put forth some effort to trade my life for any prisoner held in a foreign jail around the world. I have mailed letters to countless Ministry of Foreign Affairs but without a regular phone and regular email my letters seem ineffective. Any civilian can be the ~~hro~~ hero now and help repair relations with Iran just by talking to our embassy or Adam Boehler or Steve Whitcoff or anyone to trade me for the Swedish Scientist or Nobel Laureate or any modest, humble female protester that stood for womens rights. What could be more honorable than to die in trade of an American male for an Iranian female that stood for her natural human rights. Iran would love an American to torture, kill and drag through the streets while while repairing international relations, and if they gave Trump the Nobel Laureate in exchange for me it would make Trump look good in the eyes of the

Nobel Prize committee, while disposing of his worst enemy. Again, all of the media following this should wish to free fellow journalist Jimmy Li or the 39 others from Hong Kong now in Chinese prison for nothing. Is the whole world simply going to forget that they exist and let them rot in prison and not work diligently for everyone's release- we should be ashamed. Please trade me for one, so they all know they are not forgotten and left to die. All journalists should be fighting for this everyday. Trade me for a Palestinian prisoner in ~~Israal~~/Israel to have my spot in Hawaii, or a POW of Ukraine suffering in Russia or any prisoner anywhere that is suffering. I'm unaware of prisoners in Sudan, Haiti, Myanmar or all the other places of conflict but trade me anywhere. Do not let me take my own life and it have zero benefit for humanity or mankind.

I must apologize for a prior motion for being very rude, harsh, degrading, demeaning, insensitive, disrespectful and unfair and thoughtless when I compared Baboons to Trump as they are far more mature, logical, and wiser than our president, even young baboons have better composure, calmness, kindness and caring and I am ashamed that I was careless and reckless and slighted the species. Obviously Trump's childlike behaviour is purposeful so that he can stay in power forever. Childish Tantrums are designed to start a war with every nation so that he can install martial law and end all elections. War with Americans, Canada, Mexico, Venezuela, China, or anyone keeps him in power and puts my appeal off for 30 years. Jan 6 pardons violates 14th amendment giving aid and comfort to rebellion and demands impeachment.
